

UUCLV Strategic Plan

Vision Statement

As a beacon in the desert, we gather as a multi-generational, spiritual community to build a place of love, acceptance, and justice dedicated to worshiping, learning, and working together here and throughout southern Nevada.

Mission Statement

To achieve our vision, we pledge to strengthen our worship experience, to improve our physical surroundings and to continue to provide an environment of lifespan faith development. We will strengthen our commitment to collaborative social justice work. We will support volunteers in all areas of congregational life. We will deepen fellowship and hold true to our covenant of good relations.

Strategic Plan

1. We will improve and stabilize our financial situation
2. We will continue to improve our physical congregational space, concentrating on safety, aesthetics and environmental efficiency
3. We will provide added support for all leaders and volunteers
4. We will enhance our music and worship programs
5. We will broaden our presence in southern Nevada through our multi-site ministries, interfaith work and electronic and other media
6. As a fair compensation employer, we commit to a professional staff which will support the achievement of the congregation's vision and mission
7. We will encourage members and friends to participate in social justice work through leadership from our Social Justice Council
8. We will continue to build a multi-generational community by actively engaging congregants of all ages in all areas of congregational life including those identified in the Lifespan Faith Development council
9. We will create a plan to grow our membership in numbers and diversity
